WHAT WE OFFER

Housebrands

Goodie Clean housebrands offer a wide range of wet wipes products which are designed and developed over the years to meet even the most varied needs of consumer.

Private Label

With private labelling, we offer short lead times so your own-label wet wipe product can be launched much faster, without investing too much time and money in product development.

Contract Manufacturing

We provide full turnkey manufacturing for wipes of every kind according to your contract specifications. We assist our customers in every step of the way, by providing support in regulatory documentation that meets global standards.

Nonwoven Substrate

Through close collaboration with reliable quality raw material suppliers, we provide our customers with the best possible products.

New Product Innovation

We offer our customers tried and tested as well as highly innovative products for a variety of applications

Custom Formulation

We partner with top quality suppliers and our experienced wet wipes specialists work with you to develop the perfect formulation to meet your wet wipes demands.

Development Services

Our in-house capabilities and team of dedicated wet wipes experts maintain strict confidentiality when working with your team on product design, formulation development, production and distribution of wet wipes solutions.

Quality Commitment & Social Compliance

To provide the highest quality wet wipes, our wet wipes are manufactured in accredited facilities. Accreditations in ISO 9001 /HACPP/CE/FDA ensure that we produce in accordance with our customers' requirements while enabling us to be a responsible corporate citizen.

In-House Design

Take advantage of our professional in -house design services for all your branding and private label packaging design needs. We can work from scratch or create a label based on your design direction.
